Council Member Bunker suggested there were several other reasons that would cause a person to no longer want to participate in the irrigation system. Public Works Director Kirkland explained the extent of work which would go into maintaining a system regardless of how many or how few people were on it. It was suggested to have Delta City help these citizens purchase a sprinkler system to save them from future years on the irrigation system. There was discussion about creating a fund or grant to assist citizens of Delta City in situations like this one.
